Section F Fee Waivers & Payment

Fee Waivers

Certain events are eligible for a fee waiver of up to 50%. The Hartford Court of Common Council may grant fee waivers with a recommendation from the Public Works, Parks and Environment Committee.

Consideration for a fee waiver is based on the cost for city services to support the event, the organization sponsoring the event, and the goals of the sponsor. The Committee or the full Council may request additional information in order to determine the appropriateness of a fee waiver.

Event sponsors requesting a fee waiver must provide an event budget listing all income and expense items. Income should include any amounts received from vendors participating in the event, as well as any funds received from affiliated sponsors subsidizing the event. If the event is a fund-raiser for a charity or not-for-profit organization, the summary should include estimated net proceeds to the beneficiary.

Fundraisers for another organization may not be eligible for a fee waiver.

Within sixty days after the event, sponsors who received a fee waiver may be requested to submit an accounting of the event's income and expenses to the City's Events Coordinator. If net proceeds are greater than budgeted, the Council may reduce the fee waiver amount for the next year.

Also within sixty days after the event, sponsors representing that the funds, or a portion thereof, generated from the event will be used to benefit a charitable or not-for-profit organization, the sponsor may be requested to provide documentation that this representation has been fulfilled.

Questions on Fee Waivers should be directed to the City's Event Coordinator.

Are you or will you be requesting a fee waiver? _____ YES _____ NO

PAYMENTS

Festival sponsors shall pay for all city services in advance except for those sponsors who:

1. Furnish proof that that they are a nonprofit organization;
2. Charge no admission to the event being sponsored.

Sponsors who satisfy the above requirements may request to pay fifty (50) percent of the cost to the city in advance.
